Distillerie Artisanal

Mirabelle d'Alsace Eau de Vie

distillerie-hepp.com

VARIETALS	Mirabelle plums
CAPACITY	700ml
REGION	Alsace, France
TECHNICAL DATA	Alcohol 45%
TASTING NOTES	Translucent, brilliant appearance with crystalline highlights. On the nose, softness and suppleness in its fruity notes. Aromas of mirabelle plum, yellow fruit and peach skin, layered with an almond note typical of stone fruits. On the palate, that same elegance, full and unctuous, over intense notes of very ripe, compote-like mirabelle, with a honeyed flavour of great finesse. The finish is long, carrying a delicate kernel (stonefruit) note.
DISTILLATION	Natural fermentation of Mirabelle plums. 13 to 16 kg of fruit per litre of alcohol. Distilled in a 400-litre Carl pot still. Matured for 1 year in stainless-steel tanks.
PAIRING	Best enjoyed over a good meal - after the vol-auvent and the baeckeffe, but before the apple strudel!
RATINGS	
ORDER CODE	FR0862
