| VARIETALS      | 100% Cabernet Sauvignon                                                                                                                                                                                                                                              |
| VINTAGE        | 2021                                                                                                                                                                                                                                                                 |
| REGION         | Maipo Valley, Central Valley, Chile                                                                                                                                                                                                                                  |
| TECHNICAL DATA | Alcohol 14%                                                                                                                                                                                                                                                          |
| APPEARANCE     | Medium red/purple in color.                                                                                                                                                                                                                                          |
| NOSE           | The nose offers notes of graphite, dark fruit, and fresh herbal aromas typical of the area's unique terroir.                                                                                                                                                         |
| PALATE         | The palate delivers all the elegance the Maipo Valley has to offer: roasted coffee and aromatic herbs, especially bay leaves and rosemary, followed by tightly-knit tannins accompanied by excellent freshness.                                                      |
| AGEING         | Once alcoholic fermentation was complete, the wine was transferred to barriques where it aged for 12 months.                                                                                                                                                         |
| PAIRING        | Hussonet pairs perfectly with dishes of red meat and game.                                                                                                                                                                                                           |
